

Any other ideas to consider?

As part of the Trawden Forest Neighbourhood Plan development, we are seeking information about the priorities of those living in the Parish

You live in Trawden Forest

Have your say.....

Thank you for your time and contribution

Please return this questionnaire, by hand or by post, to any of the addresses below by 7th October:

Trawden Forest Parish Council, Unit 2a Black Carr Mill, Skipton Road, Trawden, Colne Lancs BB8 8RA

Trawden Forest Community Centre, Church Street, Trawden

LBS Garden Centre Shop, Standroyd Mill, Cotton Tree Lane, Colne

Please take a moment to tick all those objectives below that are important to you.

Housing and Land Development

Preservation of a 'Green Wedge' between Trawden and Colne
By limiting infill development

More housing for older residents

More housing for younger residents

Creating affordable homes

Limiting the number of dwellings in any one development

Only making new development on previously developed land

Housing which is in-keeping with the villages in the Parish

Prioritise housing for people with a strong local connection

Developing off-road parking

Preserving farmland

Heritage and Tourism

Identify and protect/improve local heritage assets

Support initiatives to generate local employment from tourism

Protect and support Wycoller Country Park

Encourage the creation of footpaths/cycleways

Introduce 'Information point(s)' for visitors

Landscape & Environment

Encourage and support community gardening projects
(eg Trawden in Bloom & Incredible Edible)

Encourage electricity generation from renewable sources

Building resilience to the effects of climate change
(eg flooding)

Consideration of where Mobile Phone masts are sited

Retain distinct identities of villages within the Parish

Protect and enhance open spaces

Protect the Green Belt

Protect and support the Conservation Areas

Lifestyle and Wellbeing

Protect playgrounds and recreational areas from development

Create more recreation areas for young people

Protect allotments from development and create new ones

Improve Communications (High Speed Broadband and
mobiles)

Support small businesses and local amenities serving the
Community (eg Community centre)

Reduce reliance on cars by promoting car-sharing schemes

And improving bus services
