

Item 16 – Friends of Trawden Playground

As discussed in previous meetings with yourselves, Friends of Trawden Playground have kindly been offered free supply and installation of a CCTV system by two local companies - Hadrian Thorne of Thorne Security Systems and Glenn Dunleavy of Innova Solutions Limited.

We have noticed that the Trawden residents are not happy with the way the playground is being used at the moment and we are writing to ask for your permission to have the CCTV installed whilst this generous offer still stands as soon as possible. This Can be used as a deterrent for bad behaviour and if needed used to provide evidence in exceptional circumstances if required.

We have passed your details to Mr Hadrian Thorne whom will be contacting you shortly, to explain the different types of systems and answer any questions you may have in relation to GDPR, signage, protection of the equipment, warranties, maintenance, reporting evidence to the local authorities or any other matters.

He will ensure you are provided with the best system that meets your requirements.

If you agree to Hadrian Thornes proposals, we would be most grateful if you could provide written consent to enable Hadrian to measure up the playground and plan where the cameras are to be positioned etc.

Hadrian will discuss monitoring options, and ultimately it is your decision which options you take, but we feel it would best placed with the system you already have in place.
