### The Queen's Green Canopy Plaque

#### Purpose

For Councillors to decide the on the plaque(s) that will be installed at Ball Grove where the new Queen's Platinum Jubilee Avenue has been planted.

#### Background

The 12 trees that have been planted need some identification, so that people who walk past know why they have been planted. It is a great, lasting way to mark the Jubilee.

#### Recommendations

There are a number of options available from the official website. These have been detailed below. Councillors to consider which option we should purchase, and how many.
