Start time: 13:30pm 13:30pm

Finish time: 16:00pm 16:00pm

Expected attendance: 20 – 30 attendees

Full description of event (to include all participants and activities):

We are the Pendle Children and Family Wellbeing Service, and we are looking to promote our groups and activities for children, young people, and their families by delivering sessions within the local community.

As part of this, we would like to host a series of outdoor engagement sessions that encourage physical activity, teamwork, and exploration. The activities we are proposing include:

Rounders and Dodgeball – fun, inclusive sporting activities designed to promote teamwork, physical health, and enjoyment.

Mapping and Exploration Activities – interactive sessions where children and families can learn to follow a map and explore their local area in a safe and engaging way.

Important information:

All children will be accompanied by a parent or carer at all times.

We are simply seeking access to a suitable open space where we can safely run rounders and dodgeball activities.

Our team will provide all equipment, craft materials, and resources needed for the sessions.

We are committed to respecting the community space and will ensure the area is left clean and tidy after each session.

These sessions aim to:

Encourage families to spend quality time together

Promote healthy lifestyles and outdoor activity

Learning new skills

Build confidence and social connections within the community

Activities

Rounders and Dodgeball – fun, inclusive sporting activities designed to promote teamwork, physical health, and enjoyment.

Mapping and Exploration Activities – interactive sessions where children and families can learn to follow a map and explore their local area in a safe and engaging way.

Staff
