

Item 7

Hi Adele, sorry for the delay but here are a few points from our most recent meeting to pass on to the councilors.

- In Post locker are expected to be fitted at the side of the shop on April 28th.
- Community Fund. We are welcoming local groups to apply for our small grants again for 2026 and so far we have given out £300 each to 6 successful community groups.
- We have begun a social media campaign highlighting how competitively priced many items in the shops "filling station" are. Buying from there also helps the planet, reducing the need for unnecessary packaging as ones own containers can be refilled.

Thanks

Hi Adele, just to add the In Post lockers are fitted on 28th but likely to go live a couple of weeks afterwards. We'll let you know
Thanks
