TRAWDEN FOREST
PARISH COUNCIL

Annual Review of the Lengthsman and Grass Cutting Contracts

October 2026

Andrew Crawshaw and Adele Waddington

The Clerk requested a meeting with the Andrew to discuss the content of the current contracts and whether he was happy with these.

Adele thanked Andrew for the work that he had done over the past year, and that it is always up to a high standard. Andrew now has good quality equipment to carry out the tasks on the contract so he is completing these within a reasonable time. He is concerned about the sharp increase in fuel costs and asks that his hourly rate be increased by £1/he for his Lengthsman duties with the grass cutting contract remaining the same. Adele often receives compliments on the work completed by Andrew when she is out and about.

Andrew is generally happy with the list of jobs, as stated in his contract, and if he sees something that he feels needs attention, he will check this out with Adele first.

We work well together and Andrew is happy to continue with his contracts with the Parish Council and will take on any extra, small jobs, where required as one-offs, if Adele asks.
