

Item 11K

Remove and replace 23sqm Black EPDM at 50mm, Remove 20 lm kerbs

Most long term option, no edges to shrink as it will be straight into the grass.. Worst case scenario the edge becomes visible and it needs a bit of soil and seed to top up

TOTAL : £3,316.00

23sqm Black EPDM at 50mm to existing kerb edging
(pbc/tfpc to remove and existing rubber)

TOTAL : £2,843.00

Repair 20 linear meters perimeter at 250mm - This will last a few years before it needs doing again
Black EPDM

TOTAL : £1,900.00
