7. Community Centre Trustees update

Councillors noted the report sent by the Trustees, which includes: In Post locker are expected to be fitted at the side of the shop on April 28th. This has been delayed; the Community Fund are welcoming local groups to apply for small grants again for 2026 and so far, £300 has been given to 6 successful community groups; there is currently a social media campaign highlighting how competitively priced many items in the shops "filling station" are. Buying from there also helps the planet, reducing the need for unnecessary packaging as one's own containers can be refilled.

8. Residents Issues – Two members of Trawden Wildlife Group attended the meeting to hear the outcome on the Woodland off Skipton Road agenda item. One resident attended the meeting to hear the outcome of the grant request from Trawden Man Shed.

9. Neighbourhood Plan

Councillors noted the minutes of the last meeting of the Steering Group held on 22nd April. It was resolved that the Parish Council would, as already agreed, use the £8700 from the Legacy Fund to contribute to this project. Colne and District Committee will potentially fund up to £5000 towards a new Conservation Area Appraisal and the Parish Council will take from reserves, the balance of the £16,000 to get the Neighbourhood Plan to adoption. The Call for Sites will be done by O'Neill Homer, and the Clerk has requested costs for both Growth Lancashire and O'Neill Homer to do the Conservation Area Appraisal. It was felt that this would be good long-term investment for the Parish as any further updates to the Plan would then be easier to conduct.
