

Item 15D

Dear Council,

This Remembrance, Morecambe Town Council is inviting town and parish councils across the North West and beyond to create their own Field of Poppies.

Following the impact of our own Remembrance displays in Morecambe last year, we are making a limited number of large commemorative poppies available to fellow town and parish councils for £5 each.

The poppies provide a simple and affordable way to create a striking Remembrance display in the heart of your community - whether on a village green, in a memorial garden, at a railway station, in a park, outside a civic building or along a prominent route through your town or village.

We have attached photographs of our display in Morecambe to show what can be achieved.

Councils can choose a quantity to suit their location and budget. For example:

10 poppies - £50
25 poppies - £125
50 poppies - £250

Whether you choose a small display around a war memorial or something larger across a public space, the poppies can be arranged in whatever way works best for your community.

Availability is limited and poppies will be allocated on a first-come, first-served basis.

If your Council would like to take part, simply reply to this email with the number of poppies you would like to reserve, and we will take care of the rest.

We would love to see Fields of Poppies appearing in towns and villages across the North West and beyond this Remembrance.

Kind Regards,

The poppies are made from steel and finished with specially developed solvent-based paint, colour-matched to the red, green and black of a traditional remembrance poppy.
